## Flippy Dolphin Assignment

Complete the following chart by writing IO words, then identifying what vowel is in that word and whether it is a Superhero vowel or a Lazy vowel.

| Word | <b>Vowe</b><br>(a, e, i, o, u) | Superhero<br>(long vowel) | LAZY<br>(short vowel) |
|------|--------------------------------|---------------------------|-----------------------|
| L    |                                |                           |                       |
| 2.   |                                |                           |                       |
| 3.   |                                |                           |                       |
| Ч.   |                                |                           |                       |
| 5.   |                                |                           |                       |
| 6.   |                                |                           |                       |
| 7.   |                                |                           |                       |
| 8.   |                                |                           |                       |
| q    |                                |                           |                       |
| Ю.   |                                |                           |                       |
