

Dear Grade I Parents,

Thank you for all that you will do in these next two weeks of online learning! Know that we are available for questions through Teams or SeeSaw each day. If you would like us to sit with your child as they work on a video chat, we can definitely set time to do that as well. We may be in contact with you to schedule one on one calls with your child if that works for you.

We will meet as a class on Teams every day at 9:45am and 1:30pm. We will be available for online office hours the hour following each check-in (10-11am and 1:45-2:45pm). You or your child may stay on the check-in call or pop back in at any point in that hour and we should be able to connect. The only exception to this is early dismissal on Wednesday, May 12. We will still have an afternoon check-in, but there will be no office hours that afternoon.

These are suggestions for the next two weeks of online, if that is something that helps you feel more organized. Use the outline attached to help guide you and, if you wish, you can check off items as you go. The simplest way to go about working through the list is to go to:

<https://ices.lethsd.ab.ca/>

1. Click on MENU
2. Click on TEACHER PAGES
3. Click on GRADE I

Just as last time, this is where the mini-lessons will be posted for Literacy, Numeracy, Unit Studies, Bible and Art. The lessons for this time will continue where the last lessons left off, but they will be at the top of the page. You can double check the lesson title/number on the outline to see which one you should be working on each week.

SeeSaw us questions or we can talk over Teams during the week if you or your child need help! Have a wonderful week and pray that we see your kids on May 26th!

Blessings,

The Grade I Team - Mrs. K. and Miss D.
